

WATER TRASFER AGREEMENT
BETWEEN
THE CITY OF REDDING
AND
CLEAR CREEK COMMUNITY SERVICES DISTRICT

THIS AGREEMENT is made at Redding, California, by and between the City of Redding a Municipal Corporation ("CITY"), whose address is 777 Cypress Avenue, Redding Ca. 96001 and the CLEAR CREEK COMMUNITY SERVICES DISTRICT, ("DISTRICT"), A California Water District, whose address is 5880 Oak Street, Anderson, CA 96007, for a Water Transfer Agreement (Agreement).

RECITALS

A. The DISTRICT has contracted with the U.S. Bureau of Reclamation for 15,300 acre-feet of water per year from the Central Valley Project (CVP). The DISTRICT provides water service to residents in the Clear Creek Community Services District depicted in Exhibit "A", attached and incorporated herein.

B. During the 2021 Bureau of Reclamation (Bureau) water year, the Bureau has reduced the DISTRICT's available CVP water supply from 15,300 acre-feet to 425 acre-feet.

C. The DISTRICT has declared a water shortage, with Agricultural water allocation being reduced to 0 (zero), and all outdoor water use being prohibited.

D. The DISTRICT estimates its additional water needs as being approximately 500 acre-feet during 2021 due to the extreme drought and the Bureau's CVP water contract allotment reductions.

E. The CITY has contracted with the Bureau for water from the CVP and also has purchased water from the McConnell Foundation and Anderson Cottonwood Irrigation District (ACID). The CITY believes it can provide up to 500 acre-feet of water available for transfer to the DISTRICT during 2021.

F. The DISTRICT has 2,532 active water service connections.

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

TERMS OF AGREEMENT

- 1. Termination:** This agreement shall terminate on February 28, 2022. Either party may immediately, without cause and at any time during the term, terminate this Agreement by providing written notice as to the time and date of termination.
