## \*\*GREEN RATE IS BACK\*\*

If you plant large gardens and typically use over 109 usage during the summer months, come down to the office and apply for the Green Rate! It lowers the water rate after the use of 109. Not sure of the amount of water you normally use, call the office and we will let you know if the Green Rate will be beneficial to you or not!!!

Happy Planting!

The 2018 CCR is on the Clear Creek CSD website. You can visit the website @[www.clearcreekcsd.org](http://www.clearcreekcsd.org)

## \*\* ON-LINE BILL PAY & ACCOUNT ACCESS \*\*

Clear Creek CSD's **NEW** website is up and running with the addition of allowing the customer to view their account while on-line. This is a free service provided to our customer base. This new addition to services will allow our customers to view your account summary, your amount due, usage history, water consumption history graph, view your bill (and print if wanted) and have the ability to pay your bill on-line by clicking on the "Pay Now" button. If you choose to pay on-line the company completing the transaction (ACI) will charge you \$3.95 per transaction. This fee is NOT a fee that the District generates nor do we collect it. It goes directly to ACI for services rendered by their system.

To use this free account information service, you will need your book and account number in addition to your new pin number. That pin number is the last four digits of your phone number if we have that number on file at the office. If you do not have a phone number listed with the district please call for your assigned pin number. Other options include receipt of your monthly bill via your email service. The new services and bill pay options are 100% OPTIONAL to our customers. If you decide NOT to use this service you will still be billed as you always have with NO CHANGES. **If you don't like the \$3.95 per transaction fee then do not use it.** It is your OPTION to use it when and if you deem necessary. This is only being provided as a means of convenience and not a requirement for bill paying.

# NO WATER RESTRICTIONS!!

We have full water allocation from the USBR this year, use all the water you need and can afford to use, but use it wisely!!!

"This District is an Equal Opportunity Provider"

### Water Usage In Acre Feet March 1, 2018 to February 28, 2019

Month	Previous Year	Current Year	+/-
March	71.3	101.9	+30.6
April	87.0	142.98	+55.98
May	350.2	324.7	-25.5
YTD	508.5	569.6	+61.08

Figures reflect Meter readings at Whiskeytown Dam, less the water diverted to Centerville CSD.

### Weather Observations May 2018

Rainfall Totals	2016	2017	2018
MTD	1.68"	.23"	.28"
YTD	28.29"	25.59"	13.56"

### Monthly High & Low Temperatures

High	98	Low	49
Avg. High	84	Avg. Low	57

### "Water Wisely Tips"

Water your lawns at night! Water doesn't evaporate as quickly.

### \*REMINDER\*

Clear Creek C.S.D. would like to remind customers to please call the District Office any time water service needs to be turned off or on inside the meter box. This will ensure that District valves will only be operated by District employees, thus protecting the customer from charges incurred if valves are broken or meters are damaged. A field staff member is on-call during the weekends and in the evenings.

Please call 357-2121.

### \*\*\*CIMIS\*\*\*

The California Irrigation Management Information System (CIMIS) is a program unit in the Water Use and Efficiency Branch, Division of Statewide Integrated Water Management, California Department of Water Resources (DWR) that manages a network of over 145 automated weather stations in California. CIMIS was developed in 1982 by DWR and the University of California, Davis (UC Davis). It was designed to assist irrigators in managing their water resources more efficiently. Efficient use of water resources benefits Californians by saving water, energy, and money. Visit the website @ [www.cimis.water.ca.gov](http://www.cimis.water.ca.gov)
